

MLearning

Increase Staff Efficiency
With Accessible CE Courses

LEARNING OVERVIEW

Simplify Continuing Education for Healthcare Professionals

Put healthcare continuing education (CE & CME) and compliance training together in one easy-to-use platform to improve the employee experience – and your organization’s compliance. With a complete focus on the healthcare industry, MedTrainer offers role-specific CE approvals and courses that meet regulatory requirements, while also offering CE credit.

- MedTrainer offers a wide range of more than 300 applicable, relevant, and up-to-date CE courses approved by the industry’s leading certification agencies:

- American Nurses Credentialing Center (ANCC)
- American Dental Association (ADA CERP)
- American Association of Medical Assistants (AAMA)
- National Association of Long-Term Care Administrator Boards (NAB)
- National Board of Certified Counselors (NBCC)
- National Association of Social Workers (NASW)

**All approved CE credits are eligible for license renewal.*

- Increase operational efficiency when clinicians are not logging into multiple platforms to complete CE courses or traveling away from the facility.
- Enhance staff knowledge, improve quality of care, and increase job satisfaction by providing access to CEs and CMEs staff can take at their own pace from anywhere with internet access.

What MedTrainer Customers Are Saying:

99.8% of MedTrainer customers have passed all surveys or inspections over the past year.

Customers say MedTrainer **saves a minimum of 4 hours** onboarding each new employee.

On average, customers said, without MedTrainer, they would need to hire **one full-time staff person**.

70% of MedTrainer customers say offering Continuing Education courses reduces costs and increases staff retention.

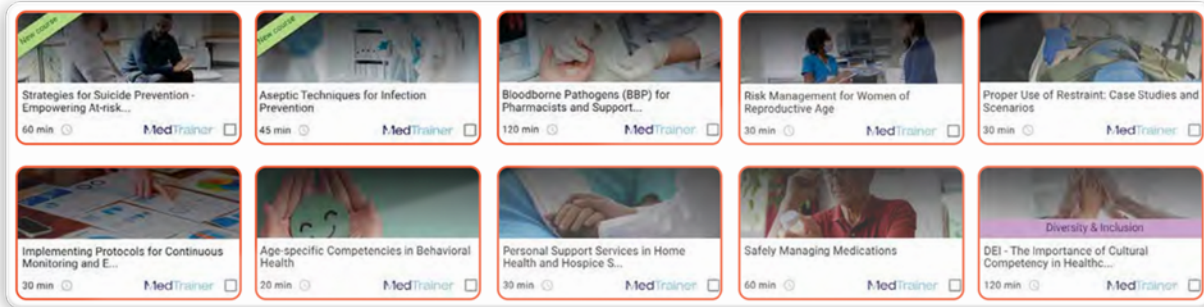

“MedTrainer is a fabulous way to onboard our employees and an excellent source for continued education. It really helps us fast-track our new employees.”

– Terri Robinson,

Center Administrator, American Family Care Urgent Care

Top Ten Continuing Education Courses

MedTrainer's digital training platform offers a vast library of almost 1,000 courses, covering regulations like OSHA and HIPAA requirements. It includes over 300 CEs that can be sorted by state and license type. This eliminates the hassle of staff having to search for training elsewhere or keep track of their progress manually.

"MedTrainer is a great resource for any group in the healthcare industry! We are a large medical group with many employees needing to stay current with their CEs, HIPAA, and bloodborne pathogen requirements. MedTrainer is easy to use and offers many different courses required for healthcare professionals. I can assign courses for the staff and automatically assign them to repeat in one year"

– Jamie Utt,
Manager of Clinical Services, Edinger Medical Group
